## **EEStor Applies for Extension of Warrants**

**Toronto, Ontario – August 26, 2016** – EEStor Corporation (TSX VENTURE:ESU) (“EEStor” or the “Company”) announced today that it has applied to the TSX Venture Exchange for acceptance to extend the expiry date of 5,076,922 outstanding common share purchase warrants for an additional two month period to November 15, 2016. Each warrant currently entitles the holder to purchase one common share of the Company at a price of \$0.39 per share until September 15, 2016.

### **About EEStor Corporation**

The Company’s mission is to be the provider of leading edge electrical energy storage and related capacitor technologies. The Company operates on the principle and belief that a fundamental breakthrough in energy storage will be the catalyst for positive environmental and economic change globally. The Company’s current business strategy is focused on licensing and partnership opportunities across a broad spectrum of industries and applications building on its recent technology achievements related to capacitors.

The Company holds an approximate 71.3% as-converted equity and voting interest and certain technology rights to a solid-state capacitor and related energy storage technologies currently under development by EEStor, Inc. The acquisition of the controlling interest in EEStor Inc. aligned the businesses of both companies and now allows EEStor Corporation to benefit from other revenue streams that should be available to EEStor, Inc., including applications throughout the capacitor industry and not limited to high density energy storage applications.

The Company’s success depends on the commercialization of the technology developed by EEStor Inc. and there is no assurance that it will be successful in the completion of the various enhancement phases to warrant the anticipated licensing opportunities in the technology. Readers are directed to the “Risk Factors” disclosed in the Company’s public filings.
